With Sally

We have an appointment with the dentist at five o'clock. The first time in our life we ever went to a dentist our mother gave us an ice-cream cone to take along. We have never liked ice-cream cones since.

Lots of people do, though, and if you are one of them, Farmer's Market is selling ice-cream for only 12½c a quart, a real bargain.

It doesn't ache very much. The tooth we mean. Just enough to make us see stars instead of typewriter keys. But the Editor wouldn't listen.

"Aren't you ashamed, Sally, trying to get out of writing your column on the week when Colma Pioneer Grocery is offering catsup for 9c a pint?" he inquired. "And when the Daly City Nursery has so many nice plants for sale?"

We held our aching jaw and said nothing. We looked to the Ad Man for sympathy. But he was muttering softly to himself over a lay-out.

"Yes, sir, Daly City Cleaners can just take that coat of mine and clean it for 59c," he was saying. "That's a real bargain." Then he saw us. "What's the matter, Sally? Got a toothache? If you'd drink more fresh Marin-Dell milk from Robertson's Egg Store your teeth wouldn't decay so fast."

We felt like a deer stabbed to the heart but the Ad Man didn't notice. He was more interested in Byrne's gleaming new ironers at popular prices than in stabbed deer.

From the other side of the room the Make-Up Editor was approaching with a bag of fresh chocolates from Goodness! Candies. "Oh, I'm so sorry you can't have any of these, Sally," she said. "They're so good. Why don't you tie a string around that tooth and pull it out?"

With a smothered moan of anguish we fled to the back shop

HAPPY KITCHEN FALL COOKING SCHOOL

Once again the Fall season is here bringing appetites that are clamoring for new flavors.

The Daly City Record has anticipated this need and is presenting the Happy Kitchen Fall Cooking School. This school will be directed by Miss Carolyn Carr, a versatile entertaining economist. She comes to you housewives here with a sparkling new program of interesting recipes and practical suggestions for simplifying all kinds of household tasks.

For the past few months she has been visiting the manufacturers of home equipment and gadgets to get first-hand information on the newest devices. She has talked with other food experts to learn the latest in new food items and combinations. And it's hard to say how many hours she has spent prowling around the linen and silverware departments to get the latest ideas in table setting and service.

Miss Carr

All these ideas she has combined into two crowded programs to be held under the auspices of the Daly City Record at the Daly City theatre, October 22 and 23.

only to find the pressman eating his lunch.

"This certainly is swell pie, Sally," he mumbled. "My wife bought it from Geneva Bakery. I'd give you some if you didn't have a toothache. Oh, no, don't touch those fresh grapes from Daly City Cut Rate Market. They're not good for toothache either."

So that's why we came back here in a corner all by ourselves to write our column and to watch the clock hands racing with a fiendish glee towards five o'clock.

John was going to take us to the Daly City Theatre tonight to see Mickey Rooney—he even got his best suit all cleaned and pressed by Beeson Cleaners.

But we do not know. Whenever we shut our eyes we see shining plyers and forceps and gleaming knives.

It's twenty minutes to five. Mather Brothers is doing a landslide business in new Willys automobiles. Westlake Market is selling yams for 5c a lb. Magnolia Bakery has hot bread daily at 4:30 p. m.

Did you ever hear of anyone's dying in a dentist chair?

Lucca Ravioli has a special on Jello, 3 packages for 14c. Miriam Grocery is selling sugar 10 lbs. for 50c.

Neither did we. But we bet a lot of obituaries were once people just like us, waiting to go to the dentist, feeling their hearts thump faster and faster . . . .

Bible Facts

The Bible contains 66 books, of which 39 are in the Old Testament and 27 in the New. The Old Testament has 929 chapters, 23,214 verses, 593,493 words, and 2,728,100 letters. The New Testament has 260 chapters, 7,959 verses, 181,253 words, and 838,380 letters.

For the whole Bible, the total is 1,189 chapters, 41,173 verses, 774,746 words, and 3,566,480 letters.

Home of the 'Angels'

If you are of the English-speaking race, Sweden invites you to see little Angelholm on the Romnea river. This is where the Angels came from who gave their name to England, the folk whom the pun of Pope Gregory I made into angels.

Food Facts In A Nutshell

Bread By Rank

In early England royalty alone enjoyed fresh bread. Thereafter, rank decided the age of the bread eaten. Barons got two day old bread, lesser gentry three day old bread and common people four day old bread.

Honey A Virgin Sweet

Honey is the only unmanufactured sweet available in commercial quantities. The pure product of the honey bee, it has a 75 per cent sugar content composed of dextrose and levulose both of which are easily digestible.

Turmeric

The spice, turmeric, is the dried and ground root of an Asiatic plant and is an important ingredient in curry powder. Turmeric combines well with mustard in flavoring pickles, meat and fish.

Concerning Coffee

Every week in the year America drinks 30,000,000 pounds of coffee, the majority of which comes from the great coffee plantations of Brazil. Modern chain store methods of mass distribution and merchandising make it possible for Americans to enjoy the best coffee at about one twenty-fifth of the price it cost in great grandmother's time.

Cherries

The cherry is supposed to be of Asiatic origin and, according to Pliny, was brought to Europe by Lucullus after he defeated Mithradates in 68 B. C. The cherry grows wild through Europe and Western Asia.

Those Jellied Salads!

—By Frances Lee Barton—

JELLIED salads are becoming more popular each year. Cool, smooth, and flavorous, they are favorites with women and popular even with men who often ignore other types of salads. Fortunately there are dozens of combinations of fruits and vegetables that may be served in this form. Here is a combination of beets, cabbage and green peppers that you will find particularly delicious:

Beet Luncheon Salad

1 package lemon-flavored gelatin
1 pint hot water
3 tablespoons vinegar
1 teaspoon salt
1½ cups diced cooked beets
1½ cups shredded cabbage
¼ cup diced green pepper
½ teaspoon scraped onion

Dissolve gelatin in hot water. Add vinegar and ½ teaspoon salt. Chill until slightly thickened. Season beets, cabbage, and green pepper with ½ teaspoon salt; add onion. Fold into slightly thickened gelatin. Turn into individual molds. Chill until firm. Unmold on crisp lettuce. Garnish with mayonnaise and slices of hard-cooked egg or stuffed egg. Serves 8.

Check Program Popularity

The popularity of radio-programs can now be checked by the advertisers, by means of two new automatic devices which record the stations to which the listeners tune in.

Reno Changes Color

So you think Reno is just a place where people go to get divorces? Well, you're wrong. Statistics for one month recently showed there were five times as many marriages as divorces in the Nevada city.

Eighty Miles to the Gallon

Development of carburetors which will enable automobiles to go 80 miles on one gallon of gasoline has been predicted by Charles F. Kettering, research director of General Motors.

Gilding Mirrors

Due to an invention by Professor Charles S. Gibson in England, gilding can now be used to replace silvering in mirrors, producing a beautiful, age-resistant, greenish blue glass.

Island of Apocalypse

Tourists on Mediterranean cruises have the chance not only to see Palestine but to visit Patmos, the little island where Saint John received the visions recorded in the Book of Revelation.

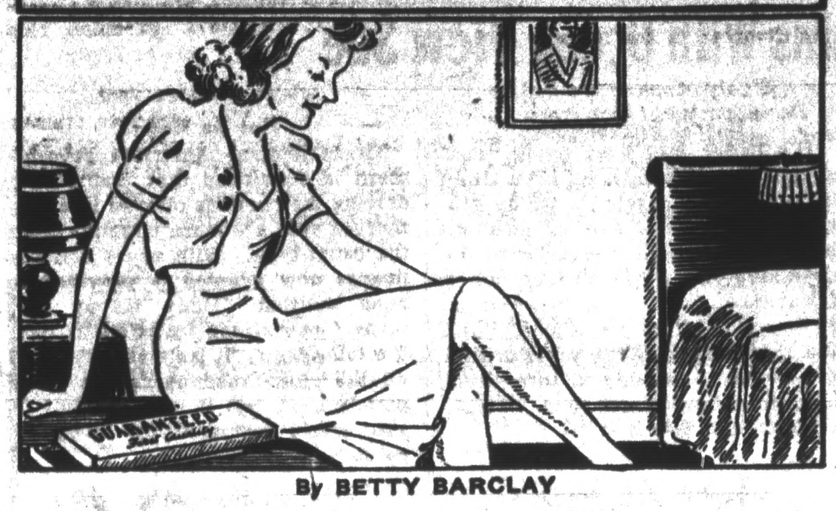
Helpful Hints on Hosiery



By BETTY BARCLAY

Some few weeks ago, in my article on the care of the new nylon hosiery, I casually mentioned something about the large number of the women of today who are interested in social and working conditions of the people who produce the things they wear and consume.

Although I have been aware of this situation, it was something of a surprise to me that so many of my readers picked up that little item about the hosiery workers and their organization. They wanted to know, for instance, what brands or makes of hosiery are produced under the very best conditions and available in their stores with the little union label that is a guarantee of these conditions.

Space would prohibit printing the entire list of the progressive manufacturers in so many states that market hosiery available with the label on request. It is this label that the American Federation of Hosiery Workers tells us is given only to those manufacturers who contract to use it on their best quality stockings — and of course they work under an agreement with the workers' organization.

Brands, all or some of which are available in your own stores here, include Aberle, Aberle Exquisite, Aberle-Trezur, Altrusa, Ardent, Best Made, Blue Moon, Career Girl, Carla, Crestmont, Crystal Clear, Dorella, Green Lane, Holeproof-Luxite, Hollyvogue, Jo-An, Kencrest, Kleartex, Lady Helen, Lovely Lady, McCallum, Mission, Owl, Phoenix, Propper, Queen Ann, Queen of Day, Real Silk, Rollins Runstop, San Toy, Silkcrest, Society Maid, Strut Wear and Stylestep.

In anklets there are Phoenix hose and Phoenix and Rambo-Regar sox for men and boys.

For further information about the hosiery industry, its workers and their organization, I suggest those interested sit down and write my good friend, Inez Greene, 2319 North Broad street, Philadelphia. She will be glad to answer your queries and also send you a little pocket-sized list of hosiery mills and brands that are available with that all-important label.

Just clip this coupon, paste it on a penny post-card and address it to Inez in Philadelphia. Use pencil. Ink blots.

Inez Green,
2319 North Broad street,

Please send me the information about hosiery mentioned by Betty Barclay in her column:

Madam, Make A Note Of This

Come out of the Kitchen!

How? Come see how Miss Carolyn Carr of the Happy Kitchen Cooking school does it.

The Daly City Record is pleased to bring you the Happy Kitchen Cooking school to be held at the Daly City theatre, October 22 and 23. The sessions will be held in the afternoon.

"Most homemakers like to cook," says Miss Carr. "I do. But I also like to do it efficiently and get out of the kitchen. That is why I so thoroughly enjoy working in the Happy Kitchen. My aim is to constantly work out new and interesting dishes, but with the idea of economy of time and expense always before me.

"I have many interesting things to tell the homemakers of Daly City about the most up-to-the-minute equipment and groceries."

Be sure and check the dates. You are all cordially invited. There will be lots of prizes to take home each day.

No Winter in Your Market Basket

By Jane Floyd Buck

In grandmother's day, when winter came fresh fruits and vegetables perforce disappeared from the menu until another year brought another summer.

Today, Mrs. American Housewife is so accustomed to markets filled with the rainbow hues of fresh produce twelve months in the year that she takes them as a matter of course. Modern chain store methods of mass distribution and merchandising now bring her all varieties of fruits and vegetables some of which in earlier eras were served only to royalty. If it were not for this highly scientific method of distribution, any number of fresh foodstuffs probably would be strangers to her market basket.

Delving into the history of these fresh fruits and vegetables, one finds many interesting legends and unusual facts concerning them.

The pineapple was so precious a delicacy that, when a plant in the conservatory of Charles the Second bore fruit, the event was commemorated with an oil painting. The painting depicts a gardner kneeling before Charles and presenting him with one pineapple on a silver tray.

The war of the Bavarian succession 1778-79 was known as the Potato War because Frederick the Great attempted to keep foodstuffs, the most important of which was potatoes, from the Austrian armies. Several books written during the era of Sir Walter Raleigh mention the potatoes he grew on his estate near Cork.

On the other hand, the tomato was for a long time shunned as poisonous, and during the Sixteenth Century was grown only as a curiosity. Today, it ranks third on the list of commercial vegetables and more than 500,000 acres are annually planted to tomatoes in the United States.

Aristocrat of fruits from the standpoint of ancestry, the peach was cultivated in China for many centuries before it became known to the Western world. Mention of this fruit is found in the writings of Confucius five centuries before Christ.

It was not so many years ago that oranges were a luxury fruit. Last year the largest of the food chains distributed 12,700 carloads of oranges valued at $11,200,000.

Today, Mrs. American Housewife likes to buy in small quantities so that her foodstuffs will be fresh. Nor has she the storage space that her grandmother did. The result is that each carload must be broken up in small lots, a carload of oranges serving up to 12,000 families, for instance. It is she who is dictator of the system of distribution, making the merchant her buying and storage agent. It is she who, in the final analysis, has provided impetus for the vast empire of farm production and enterprise which reaches from the Pacific coast to South Florida, Louisiana, Texas, the northwest and into the sandy loam center of Maine. And it is for her the wheels of this empire are kept turning 365 days in the year.

Limburger Castles

In America, Limburg may only suggest cheese, but in Holland Limburg is notable chiefly for its fine churches and monasteries and some of the finest old castles to be seen anywhere.

Wild Boars

Most of the Russian wild boars enumerated by game census-takers in America are in Graham county, North Carolina. They were imported by an Englishman who planned a game preserve.

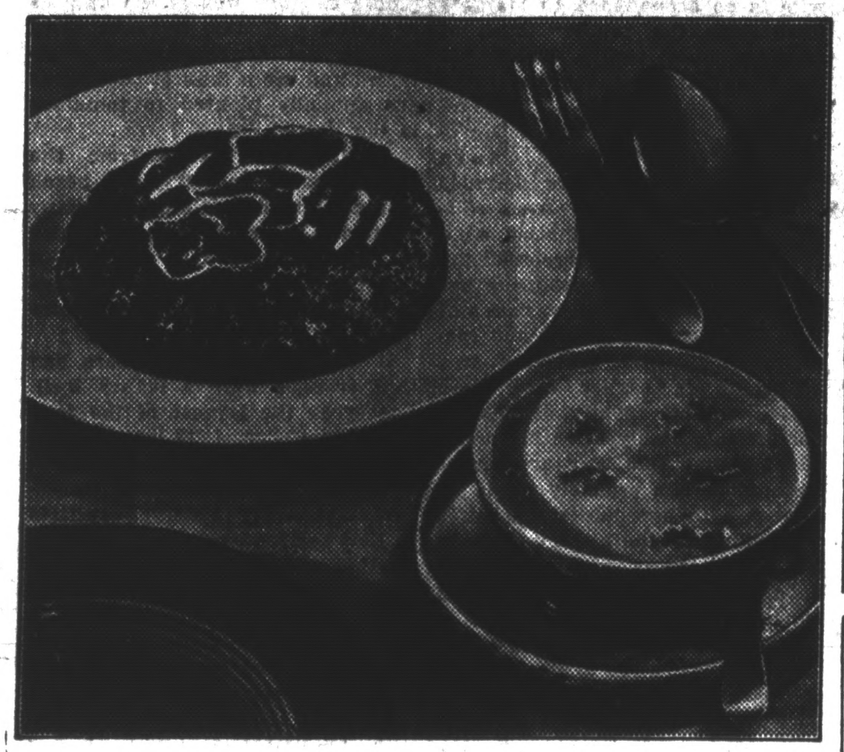
ANY GIRL CAN BE A GOOD COOK...

you follow the recipe, and you come out right

declares Dorothy Greig



Grilled Chopped Spanish Steak with Mushroom Sauce—simple to make and delicious to eat.

GREAT GRANDMOTHER had hard going. Besides putting up with great grandfather, whooping Indians and cotton stockings, she had the recipes of her day to fret her soul.

Such blithe instructions as "take six eggs and their equal weight in sugar" or "add enough milk to make a good batter" did little to insure the success of the dish in question.

Taking the inaccuracies out of recipes and putting exactness in did more, perhaps, than any other one thing to improve cooking and cooks.

Present day recipes list precise quantities down almost to the last grain of salt. Directions are so explicit there is little excuse for failure. Follow the recipe exactly and success is yours. "Exactly", however, means just that. No straying off into little side sallies of your own, if you please. Just be a good girl and believe what you read on the printed page.

For example, when you follow the recipes here, you will have a grilled meat dish with all the juices kept in, served with a delicious mushroom sauce. And the squash will have lovely flavor.

Grilled Chopped Spanish Steak with Mushroom Sauce

1 pound beef, ground
⅓ cup condensed cream of mushroom soup
1 cup soft bread crumbs
2 tablespoons cooked green pepper
2 tablespoons chopped pimiento
½ teaspoon salt
1 pinch pepper

Mix together the ground beef, cream of mushroom soup (just as it comes from the can), bread crumbs, green pepper, pimiento and seasonings. Shape into a steak about 7 inches in diameter and ¾ inch thick. Grill under the broiler 8-12 minutes. Garnish with green pepper rings. Serves 4-5.

Mushroom Sauce

¾ cup condensed cream of mushroom soup
6 tablespoons milk
¼ teaspoon Worcestershire sauce

Empty the cream of mushroom soup into a saucepan, mix well and then add the milk and Worcestershire sauce. Serve over the "Grilled Chopped Spanish Steak."

* * *

Savory Summer Squash

1½ quarts summer squash
1 can condensed consommé
1 tablespoon butter
Pinch of pepper

Peel the squash and cut each white disk-shaped squash into 6 or 8 pieces. Cook the squash in the boiling consommé for 10-20 minutes, covered. Then drain and cook down the remaining liquid until ¼ cup remains. Add butter, pepper and cooked squash and heat well to blend the flavor. Serves 4-5.

Blind Workman

Although practically blind, Irving I. Peck, Stratford, N. H., walks more than a mile every day to his farm woodlot and gets sufficient wood cut to "pay my taxes and heat my home the year 'round."

No Snake Suicide

Available data indicate snakes are immune to their own poison, contradicting a common belief they bite themselves to death when threatened by danger.

Portable Heat

A steam radiator which may be carried from room to room has been perfected by a company in Detroit. Weighing 40 pounds and 23 feet in length, the water in it is heated by electricity from a wall socket.

Honest Englishman

It's better late than never, reasoned Jesse Wallace, as he walked into a London, England, police station and handed a pair of old-fashioned gold-rimmed spectacles to the desk sergeant. "I found them when I was down here on my honeymoon 25 years ago," he explained, "and the matter slipped my mind until I got home. I decided to turn them over to police on my next visit to London, and this is it."

Keep July 4 in Denmark

Denmark can always be depended on to observe America's Fourth of July, as Danish-Americans have provided a national park at Rebild for its ceremonial celebrations which take place in what is called the Heather Bowl.

Not So Bad

The Melbourne, Australia, government is convinced that traffic and driving instructions offered in a humorous vein are more effective than the usual type. With every driving license now granted is provided a book entitled "Many Happy Returns," containing instructions like the following: "It isn't your fault if all the other road users are completely daft, but it is your fault if you aren't prepared for them to be so."

Winter Sports

If you want a place where winter sports last long, go to Finse in Norway, on the rail route from Oslo to Bergen. Here you may ski, 4,000 feet above sea level, till the end of May and skate on the lake until July.

NEW TREND

Straight and narrow is the new trend in coat lines. Harrise Brin, CBS actress, poses in a herringbone sport model of brown and beige, featuring double pockets, narrow collar and fuller sleeves. (Printz-Biederman)

Makes "Post" Cover—

First Bay area resident ever to grace the cover page of the Saturday Evening Post, Carol Louise Brown, 7-year-old Burlingame schoolgirl, was this week unperturbed by all the fame that has come her way.

The pretty blond youngster may be seen in full color on the September 7 issue of the Post, dressed in a tan hat and blue dress, munching an apple. The blue sky behind her is San Mateo county's own. The picture was snapped in the Burlingame Hills nearly a year ago.

Bus Strike Called Off—

The four-months strike of Pacific Greyhound bus drivers, that claimed the life of one AFL driver and resulted in blindness for an innocent San Mateo woman passenger, was over this week.

The strike of 500 Brotherhood of Railroad Trainmen bus drivers against Pacific Greyhound in seven Western states was called off at midnight last Wednesday.

Repeated outbursts of violence, ranging from picket-drivers fights to hurling of ammonia and creosote "bombs" through bus windows, have marked the strike in this county.

A Real Raisin Pie

By Frances Lee Barton

SING a simple food song. Oven heat turned high.
Four and ninety raisins baked into a pie.
When the hostess cuts it, guests both old and young.
Clamor for their portions. Now my song is sung.

Raisin Pie

- 1 cup raisins
- 2 cups water
- 4 tablespoons quick-cooking tapioca
- ½ cup sugar
- ¼ teaspoon salt
- 1 egg, slightly beaten
- 1 tablespoon butter
- 2 tablespoons lemon juice
- 1 teaspoon grated lemon rind
- 1 baked 9-inch pie shell
- Cream, whipped

Add raisins to water, cover, and cook 30 minutes. Drain; add water to juice to make 2 cups. Combine tapioca, sugar, salt, and liquid in saucepan and mix well. Bring mixture quickly to a full boil over direct heat, stirring constantly. Pour small amount over egg, stirring vigorously; return to saucepan and bring just to a boil. Remove from fire and add butter, raisins, lemon juice, and rind. Fill pie shell. Cover with whipped cream.

Popular Hardy Family Brings Joy to Local Screen in "Andy Hardy Meets Debutante"

The Hardy Family hits the Big Town and Andy crashes the "400" in "Andy Hardy Meets Debutante," ninth and latest of the popular series of America's typical family, now playing at the Daly City theatre. Seen above, in a salute to New York's famous skyline, are Sara Haden as Aunt Milly, Lewis Stone as Judge Hardy, Fay Holden as Mrs. Hardy, Mickey Rooney as the inimitable Andy and Cecilia Parker as Marian Hardy.

Draft Under Way—

W. H. Morrissey, newly appointed organizer for the peace-time draft in San Mateo county, this week set the wheels in motion. First action of Morrissey was to convince County Clerk W. H. Augustus that he could legally proceed with registration October 16 without jeopardizing his office.

Morrissey said five three-men draft boards would be established in the county, one in South San Francisco, Burlingame, San Mateo, Redwood City, and Menlo Park. He said he would advocate additional boards in Half Moon Bay and Pescadero.

The board will consist of three patriotic citizens over 35 and not connected with the military service, Morrissey said.

They will appoint a physician to serve as a volunteer for medical examination, and a paid stenographer, clerk, and possibly a

GAS AND ELECTRIC RATES go down again

Saving TO OUR CUSTOMERS

START USING THIS CHEAPER GAS AND ELECTRICITY IN OCTOBER

in a series of rate and cost reductions since 1928

$3,510,000

combined yearly savings to gas and electric users compared to rates in effect in February, 1928

GAS and ELECTRICITY ARE CHEAPER in California

Once again each of the many services gas and electricity perform for you day and night will be done for you at lower cost.

In October a system-wide reduction in gas and electric rates will effect a saving of $5,000,000 annually to our customers. Gas customers will save $3,000,000 a year and electric customers $2,000,000 a year.

These latest rate cuts make it possible for you to enjoy more liberally the conveniences and comfort of modern gas and electric servants.

Through your increased use of gas and electricity since 1928, you have in a large degree made these reductions possible. Careful management with a continuous application of new economies and efficiencies in the Company's operations have likewise been important in lowering the cost of its service.

P. G. AND E. RATES — BOTH GAS AND ELECTRIC — HAVE LONG BEEN AMONG THE LOWEST IN THE NATION. NOW THEY ARE LOWER THAN EVER BEFORE.
